The production of "A Galety Girl," nost amusing musical comedy, will prove of decided interest to our theatergoers. The play will be given to-morrow and Friday evenings and a special matinee on Friday. Hartford and New Haven will be the only points visited by this company in New England, conequently this opportunity here will no doubt be well improved. "A Galety Girl," after a run of 400 nights in Lonwas brought to New York by Augustin Daly, who produced the musical omedy at his house in New York with nprecedented success. It proved to be the sensation of the season and ran 100 nights. Since them it has been in most of the principal cities with the uniform success. Sale of seats now open.

Charles Hoyt has written and pron his ten years' career as a playwright, but none of his former efforts ever me with such a pronounced, emphatic and mmediate endorsement as has his new est composition, "A Black Sheep." new piece is built strictly on farcial lines, replete with catchy music, elaborate and gorgeous scenery, and the strongest possible cast, including a host of pretty girls. "A Black Sheep" has just completed a run of twelve weeks at the Park theater, Boston, where it has played to the largest receipts in the history of the house; in fact, breaking all records. A crowded house witnessed the produotion of "Darkest Russia" last evening. It will be given again this afternoon and evening. The play deals largely on the political system of Russia and pictures scenes characteristic of the czar's government. The play in itself is not only absorbing, but is mounted in a beautiful manner. In the scenic effects the height of realism is reached and revolving sets of scenery and other novelties are ingeniously introduced. The costumes are from designs of celebrated artists and are accurate and correct in every detail. The blending of color in the costuming of the court la-dies, nobles, military and police, the nihilists, peasants and exiles produce pictures such as have seldom been

The "Black Crook" will be produced the last three days this week, matines on Saturday, with all the grandeur and completeness which marked its remarkable run in New York. Three gorgeous ballets have been specially arranged, in which a large number of lithsome coryphees will take part. Prominent among the leading features will be the grand march of the Amazons, arranged capa-ple in glittering armor. artistes of distinction will introduce clever specialties

Everybody is talking about the great free offer of Dr. Greene, the most successful specialist in curing nervous and chronic diseases, and who discovered that wonderful medicine, Dr. Greene's Nervura blood and nerve remedy. He makes a specialty of treating patients through letter correspondence, and all who accept his offer are astonished at the marvelous success of his method His office is at 35 West 14th street, New York city, where he receives and carefully examines every letter sent to him by persons describing their cases and telling him their symptoms. After thoroughly studying each case he anawers the letter, explaining the cause of each symptom and telling a sure way to get well and strong. He makes the patients understand exactly what alls them and tells them all about their complaint, and all this is entirely free of charge. They save the expense of a trip to the city, have no fee to pay, and have the benefit of the best medical advice and consultation. A Wonderful Teacher.

One visit to Professor Colby's German classes in room 22 Insurance building will convince any one that they are lis tening to no ordinary teacher. Professor Colby is so enthusiastic in his work that his pupils catch the enthusiasm, and the result is that the hour passes so quickly that one hardly realizes it. Over seventy-five people have already joined his classes to learn German in five weeks, and others can join at 11 a. m., 4:30 or 8 p. m. to-day. Step in and see how easy and simple his system is.
